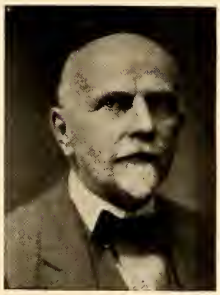
The President

During the year 1926-'27 DePauw has gathered the benefits of many well-laid plans which President Lemuel H. Murlin made during the preceding year and a half of his administration. He has without exception sponsored policies which gave thorough consideration to both the needs and wishes of the University. The student body has realized President Murlin's earnest efforts to meet as nearly as possible its demands. There has been, consequently, an enviable harmony and co-operation between the administration and student body.

In order to meet the needs of a steadily growing enrollment there were additions made this year to the Faculty of both Liberal Arts and Music School. Financial affairs have, however, been skillfully handled and students were not faced this fall with the marked raise in tuition fees which they had feared. Moreover, a new budget system has been adopted which is already proving more expedient and economical.

DePauw is proud to have Dr. Murlin President of his Alma Mater. He has been outstanding in educational circles and widely known for his administration at Boston University. He is a Phi Beta Kappa and several universities have conferred upon him the honorary degree of LL.D. Most of all, however, we have appreciated President Murlin for the sincerity, kindliness, and benevolence of his own personality.

Administrative Heads



HENRY B. LONGDEN, A.M., LL.D., VICE-PRESIDENT

For years Dr. Longden and DePauw have been inseparably linked in the minds of students and alumni, and he has come to personify our idea of the DePauw spirit. Dr. Longden's chapel talks are well known for their sprightly wit and have been a source of never-failing interest to us all.

MARION A. BRADFORD, A.B., REGISTRAR

Miss Bradford has proved tireless in the numberless details which constitute the registrar's duties. She has always been gracious and considerate in her relations with students and has done her utmost to accomodate the many demands made upon her.

SALEM B. TOWN, M.D., D.D., TREASURER

Dr. Town has been the efficient manager of DePauw funds for twenty-two years. He has shown himself worthy of the most implicit confidence and trust. Faculty and students alike give tribute to him because of his strong character and long years of service to the University.

W. HENRY MCLEAN, S.T.B., ASSISTANT TO PRESIDENT

DePauw has received much favorable publicity through the work of Rev. McLean. He has a reputation as a splendid worker with young people, and he is considerate at all times to personal problems which students bring to him for solution. His position affords great opportunities because of his unique situation in regard to faculty and students.

Deans

Edwin Post, Ph.D., Dean of the College

To Dr. Edwin Post belongs the honor of being the faculty member of longest standing. He has been untiring in his efforts to better DePauw. Dr. Post has been sought by many other schools but he remains loyal to us. He is one of the best Latin authorities in the country.

William W. Sweet, Ph.D., Dean of the College

We regret that it is not our good fortune to keep Dean Sweet with us longer. During his stay at DePauw Dean Sweet has been a man of strong convictions and vigorous principles. He has left a lasting impression upon the administration and the History Department.

Lisgar R. Eckhardt, Ph.D., Associate Dean

After a year's leave of absence spent in study abroad Dean Eckardt has returned to us with fresh enthusiasm and inspiration for his subject of Philosophy. He is a thinker of great depth and he never fails to broaden and enrichen the outlook of those with whom he comes in contact.

Deans

Louis H. Dirks, A.M., Dean of Men

Dean Dirks is one of the new members of the faculty this year. He has been a valuable addition to the Education Department and tact and sympathy have marked his duties as Dean of Men. Dean Dirks has in one year won a firm place in the hearts of students.

Katherine S. Alvord, A.M., Dean of Women

DePauw owes much of the organization of women on the campus to Dean Alvord. Two monuments of her work are found in the Woman's Self-Government Association and the Woman's Athletic Association. Dean Alvord's ideal is to be not only an efficient executive, but also a personal friend to every woman on the campus.

Robert G. McCutchan, B.M., Dean, Music School

Dean McCutchan has with ceaseless effort and success striven to build up the School of Music. Through him new courses have been added and the faculty enlarged. He has done splendid work in directing the Orchestra and Choir, and annually presents the Messiah. Many artists of note have been brought by him to give programs at DePauw.

The Underclasses

BELOW the august Seniors there must always be the Underclasses. All underclassmen strive to attain Senior cords and Senior jackets. On donning them, however, they wish them the green caps or ribbons of Freshman days, and thereby the chance of reliving the happy days spent at one's Alma Mater. Underclasses are very much the same as years come and go; the method of treatment, not the material, changes.

The most radical change made this year was with the Freshman class. For the first time in its history DePauw sponsored a Freshman Week. The faculty, certain counselors selected from the Junior and Senior classes, and all Freshman students came to school five days before the rest of the student body returned. During this time the Freshmen registered and became acquainted with each other, DePauw traditions and customs. This system gave the Freshmen a new confidence in themselves and, to the chagrin of the upperclassmen, a paternalistic attitude was less necessary.

Too much confidence, however, could not be permitted, so the Freshmen were trounced by the Sophomores at the Freshman-Sophomore class scrap. Aside from this struggle, the Sophomores have been calm in the new dignity come upon them.

The Juniors have embarked upon certain fearful enterprises, among which was the publication of the Mirage. With due solemnity they have received the responsibility placed upon them as budding upperclassmen. The Junior year seems ideal, since it carries with it both responsibility and respect without the additional factor of antiquation which hovers over the Seniors. But a class is a class for a' that, and it takes them all to make a school.

The Beauty Contest

It was generally conceded that the Beauty Contest was surpassed by none in previous years. This may be attributed in part to the care taken by Hillary Bailey and the trouble which he assumed in coloring the picture of each of the thirty-two entrants, but all artists must have good subjects and this certainly was not lacking.

Other schools have called in artists, musical show producers, and others to crown certain coeds queens of beauty, but DePauw needs no such outside influence. Speaking for the men, we have always felt ourselves to be competent judges of beauty. Perhaps this is a bit conceited, but I am certain that we would resent a disinterested party telling us who the beauties of the DePauw campus were; it would most certainly be a blow to our pride.

In accordance with this time honored custom, the men have again been allowed to pass judgment upon the entrants. The results of their balloting in number of votes received is as follows:

June Lightfoot
Margaret Rohwedder
Mary Jo Springer
Lucy Mae Roelle
Mary Lou Whitcomb
Edith Funston

The pictures as they are arranged on the six preceding pages are not in the order of votes received, but an attempt has been made to arrange them according to types which will intensify the beauty of the book.

It has often been said that this contest does not depend upon a girl's beauty, but upon her popularity. But we of The Mirage board only partially accept that statement. Undoubtedly popularity plays a part in influencing the electors, but when we are able to point out that the townspeople in their impartial balloting chose five of the six which are here named and further that comparatively unknown Freshmen have totaled a greater vote than well known Juniors and Seniors we feel certain that beauty plays the leading role.

But what has been said here is neither here nor there. These girls are the winners and their pictures have enhanced the beauty of our book. We of The Mirage think that they are beautiful and only regret that their time is arranged that we cannot have dates with each of them.

The Athletic Year

Improvement in DePauw athletic teams in the past few years may be attributed to different sources, the well organized and efficient coaching staff, a fighting team, and a better sporting spirit among the students.

Coach William L. Hughes has been able to uphold his share of the responsibility largely through the cooperation of the members of the staff. For years Todd Kirk, as Freshman coach, has been furnishing material to the Varsity teams which he has worked over the year before. One glance at the track trophies in our possession will convince you of Bucheit's ability as a track coach; hardly a season passes without some record being placed one notch higher. Guy Morrison not only knew baseball but was able to play it so well that he has gone to Florida in answer to the call of the Pittsburgh Pirates. Captain Savage has exemplified the DePauw spirit by offering his services to the athletic department; his experience has been valuable to the Varsity teams.

A fighting spirit is one thing most desired by a school, win or lose. This spirit has been prevalent in our football, basketball squads. No team can win without this spirit and few can lose that have it.

Coach Hughes

Hand in hand with this fighting spirit is the student enthusiasm and interest. They have followed the team to be beside them and rejoice in victory and share the sting of defeat. Much of this may be attributed to the yell leaders, Lamphear and his two assistants, Sines and Menke.

A more general athletic program has been offered this year which gives opportunity for a greater percentage of students to participate. There are the varsity teams in the four major sports and in swimming, rifle, bowling, and tennis. In addition to these there has been organized an extensive program of intramurals which has become increasingly popular.

The Season

WITH many of last year's squad back in uniform and with Captain "Bid" Taylor, last year's all-state center to lead them, the Old Gold football team rounded out a very successful season. Many of the men who went to make up the winning team were recruited from last year's frosh aggregation.

A great part of the first of the season was taken up by Coach Hughes and his staff in picking a smooth working combination that would pull together and then knocking off the rough spots. The team was fortunate this year in so far as injuries were concerned there being no accidents serious enough to put any player out of the running for the greater part of the season. This circumstance enabled Hughes to keep practically the same combination working through the tougher games.

Although our line was outweighed by nearly all of the opposing teams it was the fastest we had had in years and performed exceptionally well. The team was blessed

[illegible] MARSHALL HOWELL GUNN

with two sets of backs, a light fast combination for speedy work on a dry field and a heavy line plunging one to break down offense and use on a muddy field. Sturtridge, Anderson, Scott, and Gunn furnished four good punters for the season with Sturtridge and Anderson doing most of the heavy work in the big games.

At the beginning of the season the tackling was ragged and ineffective, but after the first few games this showed a decided improvement and our ends especially were rounded into good tacklers before the close of the season. The line showed best in offensive playing, but was a bit weak on the defensive plays. With the exception of "Tubby" Reed our entire line will be back in force next season in addition to the strong support which will be annexed from this year's freshman squad.

More openings will appear in the back field as there will be a noticeable absence of Sturtridge at half-back and Cushman calling signals. Above all these men deserve credit for the showing the team made this past season. You remember it was Sturtridge who ran wild at the Butler game and helped turn an almost certain defeat into a glorious victory for DePauw. There will be keen competition for these places vacated by graduating seniors. Some of the backfield men for next season will probably be Fisher, Gunn, Smith, and Scott from this year's team and Blake and Hogan from the frosh squad. The quarterback job will offer better possibilities with "Tuffy" Holton, "Cy" Gunn, and Paul Blake as candidates.

Our Football team next year should be one of the strongest we have ever had

with so many "D" men returning and the new recruits from the class of '30. Spring football brought out the biggest turnout that has been experienced for years.

Captain "Bid" Taylor headed the list of eighteen men who received their "D" in football this year. The other men are Anderson, Marshall, Messersmith, Huffman, Cushman, Gunn, Sturtridge, Brandenburg, Scott, Loveless, Firebaugh, Reid, Shoup, Bray, Howell, Smith, and Fisher.

Anderson is captain for the 1927 season. "Andy" played left-end during the season and was one of the most valuable punters. "Andy" is a hard fighter and a football player from the ground up.

Basketball 1926-'27

IN the first seven games of the season with only two losses DePauw threatened to outclass the 1925-'26 record, but final exams apparently were effective in athletics, for we succeeded in taking only three of the remaining nine games. The season may be considered a draw as we captured eight of the sixteen games which is a slump from the ten out of sixteen record of 1925-'26.

The Season

The Basketball Season was eagerly looked forward to in anticipation of a very successful season. Most of the varsity letter men were back who had four years ago won the freshman state championship for themselves. DePauw was highly confident that our 1926-'27 season would be the best in years. The opening game was with the Quakers. Earlham failed to show much strength, although the first half ended 18 to 13 in DePauw's favor. The closeness of the score was due largely to the slippery condition of the floor. In the last half the Tigers adjusted themselves to the offset of the floor conditions and easily ran the score up 43 to 23 when the final gun sounded. Ward and Steward starred.

Indiana outclassed and outplayed us to the tune of 45 to 30. The first half of the game was evenly contested with DePauw taking an early lead, but in the last half Indiana opened up a great offense and tightened on their defense and rolled up a commanding score. Ward and Steward did most of the scoring for DePauw.

The DePauw basket snipers opened the home season by defeating Bradley Tech of Peoria, Illinois, in a thrilling overtime game, 41 to 37. The teams battled through 40 minutes of play on even terms, but in the extra five minutes the Tigers crashed through with six points to sew up the contest while Bradley was making two. It was a real basketball game and an ideal one for an opener.

During the Christmas vacation the Tigers played three games. Purdue was first to come and fall before the Tiger's onslaught, 34 to 28. Georgia Tech stopped off in Greencastle long enough on the northern trip to allow the Tigers to hang up the second home court victory when Tech was trounced, 51 to 28. Wisconsin, seeking revenge for past battles, nosed out the Tigers by a 24 to 20 score.

After vacation the squad performed for the school on the home floor in a comparatively slow game, defeating State Normal, 45 to 32. The next big game was with Franklin on their floor. The Baptists jumped into the lead in the first few minutes of the play to keep a strong lead throughout the entire game. Rolling up a score with monotonous regularity at the half Griz Wagner's boys were out in first by the tune of 25 to 8. In consideration of the previous games of the season the Tigers did not play the brand of ball of which they were capable. The offensive of the locals was ragged, the defense poor, and their basketball eyes enjoyed a vacation. Franklin, however, had a strong working combination and played first-class ball.

In DePauw's first game with Wabash, Coach Vaughn's net snipers tumbled the Old Gold in a fast and hard fought game by a score of 39 to 23. In spite of the sixteen points difference in the score at the end of the forty minutes, the game was hotly contested all the way with no let-down on the part of either team. Wabash's victory may largely be attributed to the remarkable consistency with which they were able to hit the basket while the Tiger eyes were apparently left in the dressing room.

Butler came next and showed a bit too much stuff for DePauw, although the entire game was characterized by raggedness, neither team showed much basketball ability. Butler had the better of the argument all the way although the lead changed hands five times.

Hughes' Tigers celebrated their return to action after a layoff for finals by again downing Earlham, 42 to 24. Earlham was outclassed, although they succeeded in putting up a good battle the first half which ended 20 to 16. Byram was at his best in this game, turning in seventeen points.

State Normal came back tougher than was to be expected and a three point victory for DePauw was to be thankful for. DePauw snatched a lead after the first three minutes which they held until the 28 to 25 score ended the game.

STURTRIDGE

BYRAM

STEWARD

It was anybody's victory in the first twenty-five minutes of the Oberlin game. At the end the DePauw boys snapped out of a slump and sent the Ohio team home at the short end of a 41 to 30 score.

Three games with our traditional enemies, Wabash, Butler, and Franklin, made a hard closing for the season. The Tigers are to be commended for the 33 points they made against Butler's 40, when you consider that the Bulldogs scored fifteen times, out of forty-four attempts at the basket. The game was one of the best of the season and DePauw needed no alibis for their work. Wabash trimmed DePauw, 42 to 31, in a very fast and hard-fought game. The second half brought forth much better basketball than the first, both sides tightening down. Wabash's early lead was too much for the Tigers to overcome. Byram and Ward starred for DePauw.

Griz Wagner's quintet wrote "finis" to DePauw's basketball season when they administered a 48 to 28 drubbing to Hughes' Tigers. DePauw held its own in the first half, but blew up in the second in face of the Baptist mechanical ball.

The best performances of the year were turned in against Butler, Purdue, and Wisconsin in spite of the fact that two of these games were losses for DePauw. The Tigers were probably at their peak against Purdue in December, when the Boilermakers were handed a 34 to 28 trimming.

TRACK

SUCCESS of Bucheit's men was shown in winning three of the five meets, capturing the little state meet, and again taking fourth in the state. With the exception of Earlham, DePauw easily outclassed its opponents in the dual meets and little state. This year's season promises to add many cups to the large collection already held.

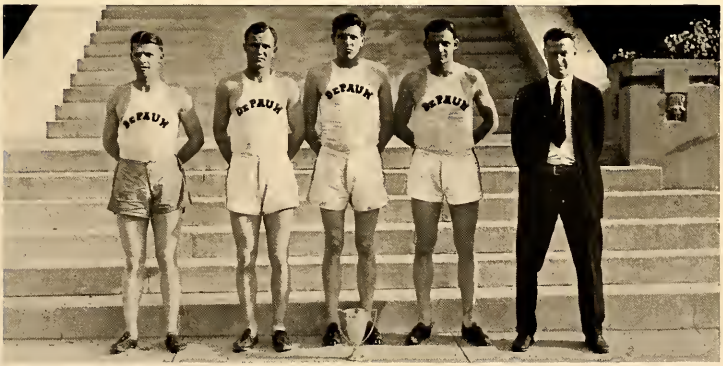
The Season

OTHER athletic seasons may be won and lost, but in the past two years Bucheit has been building up a track team to be unsurpassed by any school in the state and a credit to any larger school which can down it. With such stars as Sturtridge, Hunter, Meyers, Christie, and Puckett firsts are common things at DePauw. Three of the men named here graduated at the end of the season, but with the material on hand and Bucheit's ability we hold no fears of the future.

Our opening meet turned out to be a practice, giving Bucheit a chance to see how his men stood up under fire. Danville was able to score only 11 points against



MEYERS

ELLIOTT

our 115. But such is the life of the DePauw track teams. Sturtridge was high point man with 19 to his credit, Cristie totaled 16, and Satterlee 13. The feature of the meet was the first appearance of the relay squad, Grant, VanWagner, Meyers, and Captain Hunter, which stepped off the two miles in 8:36.

State Normal suffered a similar fate as Danville when they collected 23 points against the Old Gold's 103. Sturtridge placed in seven events to carry away high honors with 22 1 2 points, Cristie had 11, and Puckett 10. The relay team did not take part as they were entered in the Ohio Relays where they took fifth in a field of seventeen. Their time was 8:16.1 which was 5 seconds better than the time made by schools competing in the relays at Notre Dame.

DePauw suffered defeat at the hands of Earlham in the third meet of the season

McMurray

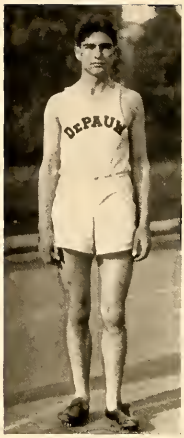
largely due to adverse weather conditions and the absence of Sturtridge who was representing DePauw in the Penn Relays. Myers was high point man for DePauw when he scored 11 points.

In the Penn Relays Sturtridge took first in the 400 meter run and the hurdles and placed second in the pole vault and distance run. Although Sturtridge placed fifth which is two positions lower than that of last year he scored 250 points more than in '25. He was only four points behind the Detroit man in fourth place.

Wabash found that DePauw had doubled the score on them in our final dual meet of the season. Meyers and Captain Hunter tied for high points with 10 points each. Two of the features were when Meyers tied the track two mile record of 10:11.3 which

Bowen

Johnson



Van Wagner

had previously been made by his brother and when Cristie hung up a new record for himself of 11′6″ in the pole vault. Krieder, of Wabash, heaved the shot 40′1″.

For the second consecutive year DePauw captured the Little State Meet with 39 1/2 points, Earlham being our closest competition with 29 1/2 points. DePauw took three of the possible fifteen firsts and placed in all events with the exception of the shot-put, high jump, and broad jump. Two I. C. C. records were broken when Sturtridge did the low hurdles in 25:5 and Huntsman tossed the javelin 171′ 3 1/2″.

The State Meet closed the year when DePauw again took fourth place, Earlham nosing us out of the third berth by one point. Notre Dame and Indiana easily took first and second places with 63 and 45 1/2 points respectively.

DEPAUW managed to hold its its own in baseball last year by winning eight of the nineteen games played. DEPAUW was off to a poor start in the popular diamond sport last season when all but three of the first eleven games were credited to the opposing teams, but by the end of the season, when our liabilities of errors and inefficient pitching were partly overcome, the Old Gold team snapped into regular playing form long enough to win five of the last eight games and defeat State Normal, Wabash, and Rose Poly in revenge of the previous drubbings we had received at their hands.

DePauw's greatest strength was shown in its hitting ability, seldom failing to get a few hits from the reliable bats of Anderson, Struck, Messersmith, Enyeart, and Beasley.

Earl, playing behind the plate, was one of the most consistent men on the team; few errors were tacked to his credit during the entire season.

Although Coach Morrison did not lack for applicants to take their place at the mound he had few of outstanding ability or who had experience enough to last through an entire nine innings. Fortunately many of these men are underclassmen who will have two and three more years in which to develop. Pfersick, Lawrence, Fowle, Morris, Starke, Steward, and Nesbit served as pill twisters during the season.

DePauw received its first drubbing at the hands of the Boiler Makers in a two-

game series, losing to Purdue, 13 to 8 and 12 to 2, but gained revenge by piling up a topheavy score against Oakland City in the third game of the season when the southern aggregation tasted humble pie, 19 to 3. Pfersick went the entire round for DePauw in the first game with Indiana when the Bloomington gang stole our ball game in the seventh and won, 7 to 6. They had less trouble in taking the second game, 10 to 6.

The Tigers upset dope in the next two games by holding the Illinois team to 5 runs when they had beaten Butler, 21 to 0, and then the Tigers stole the Bulldog's game in a ninth inning rally, winning 9 to 8. A let-down followed in the next two games when we were humbled 9 to 2 and 13 to 2 by Indiana Central and State Normal, but

Earl

revenge was ours in return games with those teams and we sent Indiana Central home, 6 to 0, and State Normal, 16 to 11.

Oakland City came back for more, received it, and went south with the 11 to 7 score flaunting them. Butler revenged themselves by taking a 5 to 3 victory and Wabash hopped away with a 7 to 6 score to their credit which was to be revenged by a 2 to 0 victory for the Tigers in the next to last game of the season.

Rose Poly took advantage of a setback and won an 8 to 9 game which the Old Gold revenged in the next game with an 18 to 2 score. The season closed more appropriately than it had opened when the Tigers bumped Evansville off, 17 to 2.

GOOD SPORTS

Coed Sports

Prof. Lucy Bowen

Miss Rachel Benton

Coed Sports at DePauw are conducted under the joint supervision of the Physical Education Department for Women and the Women's Athletic Association. Most universities and colleges conduct their athletics on the same general plan if they are members of the Athletic Conference of American College Women, a national body to which most W.A.A. groups belong. National and Sectional conferences are held for the purpose of discussing co-ed sports. Each Association that is a member must follow the Constitution and By-Laws of A. C. A. C. W. Intercollegiate competition for women is strictly forbidden by the National Conference and there is much controversy concerning this. Groups may, however, engage in telegraphic meets with other schools and colleges. Last year DePauw's Girls' Rifle Team won every match, defeating teams from all over the country. The girls also engaged in a telegraphic track meet with the University of North Dakota. Accurate records were made of timing and distances of the first three in each event. Then results were

compared, the three highest being the winners of the event. North Dakota defeated DePauw in that meet.

W.A.A. recently became a member of the National Amateur Athletic Union, a national organization to promote amateur sports for both men and women.

The governing body of each college W.A.A. is the Board, composed of the Physical Education Instructors, four elective officers, and appointive Sports Chairmen.

Coeds have the opportunity to engage in any or all of three major sports, and six minor sports.

Soccer, in the fall, has more enthusiasts than any other outdoor sport. Practice games are held throughout the first two months of college, under the supervision and coaching of Miss Benton. The interclass tournament is held during November. The Juniors won the tournament by defeating the Seniors one point in the final game. The cup was presented to the captain, Joan Doak at the Soccer Banquet. An honorary varsity was chosen at the end of the season.

Mrs. W. D. Harrison

Rifle started at the same time as Soccer. Captain Allbright gave instructions to beginners and had charge of all the matches. In order to use rifles a girl must be a member of Rifle Club, an organization distinct from W.A.A. Rifle Club presents each member of the Varsity Team with a Rifle pin. The first interhouse rifle match was won by Kappa Alpha Theta. In the interclass matches the Juniors annexed the cup by defeating their next nearest opponents, the Seniors, by fifteen points. Mary Jo Springer made the high score of 98, made in the interclass matches.

Mary Washburn

Both interhouse and interclass swimming meets were held this season. The interclass meet caused great excitement. The Sophomores easily defeated the other class teams. Helen Stokes and Mary Jo Springer tied for high scoring honors. Jean Burke broke the college record for Plunge for Distance with a tally of 49 feet, breaking the record of 48 feet, held by Mary Jo Springer.

The individual tennis tournament was played during the soccer season. Lynette Rynerson, champion for two successive years, lost to Margaret Ward, a freshman. The victor played a brilliant game.

Basketball claimed the largest following of all sports. About one hundred and twenty-five girls saw action on the basketball court during the interhouse tournament. This was followed by the interclass games in a round robin tournament, which ended with the Seniors, Juniors, and Frosh in a triple tie for first place, each team having lost one game. This made it necessary to play two more games. The Senior team defeated the Frosh in an overtime game 27-26. The Juniors downed the Seniors, 28-12, in the final game. This last game was the biggest upset of the season. Although the Juniors had defeated the Seniors once before by a small margin, they, in turn, had been defeated by the Freshmen who lost to the Seniors. Last year's winners, the Class of '27, turned the cup over to their "worthy opponents" at the Basketbawl Banquet, formally closing the season. The Honorary Varsity was chosen and announced at the banquet. Those honored were: Forwards, Laura Hare and Mary Washburn; Center, Eloise LaFuze; Guards, Maxine

Keith and Wilma Grossman. In a feature game, this varsity played a team rightfully called the "Better Babies". The "Better Babies" team composed of Miss Benton, Miss Riggs, and several of the girls who were ineligible for class basketball, went down to defeat nobly, and at the same time furnished both players and rooters a great deal of enjoyment.

Gladys Scott

Archery and Bowling, minor sports, attract the less active enthusiast. Three Bowling tournaments are held—Individual, Interhouse, and Interclass—which were won by Gladys Scott, Off Campus, and Class of '29 respectively. Archery is comparatively new to DePauw, it was put in the program in 1926. No organized competition has been held as yet, but a great deal of interest has been shown.

Baseball and Track occupy the spring weather. The Class of '28 annexed both these championships last year and bid strong to repeat the feat. Interclass baseball games are held as soon as the field is in good condition, but the season is very short as compared to the other major sports.

The biggest event of Track takes place in the Annual Coed Track Meet held on May Day. This is one of DePauw's traditions. The meet held in 1926 was a dual telegraphic contest between University of North Dakota and DePauw, and at the same time was in the form of an interclass meet here. The Class of '28 won the meet by a large margin for the second successive year. Two records were broken. Anna Yant

Dorothy Spiker

broke the Basketball Throw for Distance, which stood at 73 feet 11¾ inches, heaving the ball 81 feet 11 inches. The former record was made by Mary Washburn in 1925. The Running High Jump record of 4 feet 3½ inches was raised to 4 feet 5 inches by Eloise La Fuze who broke her own record made in 1925. Three Sophomores of the winning team held high point honors. "Billie" Washburn led with 28 points and Anna Yant and Laura Hare were second and third with 18 and 12 points, respectively.

For all recognized organized activities W.A.A. gives points towards awards and membership. To gain membership to W.A.A. seventy-five points must be earned, fifty of which are team points. Awards are given for 500, 1000, 1500, and 2000 points for Class numerals, W. A. A. monogram, D. P. U. monogram, and the "D" sweater, the latter of which is the highest award given and usually only Seniors receive it.

There are four wearers of the D sweater on the campus at the present time, Dorothy Spiker, a Senior, has been a member of W. A. A. Board for two years, and this year led the organization as President. She had charge of the May Day Track Meet in 1925 and was a member of the Honorary Basketball Varsity in 1924. She received her sweater in her Junior year.

Gladys Scott was awarded the "D" sweater in her Junior year. She has been a member of W. A. A. Board since her Sophomore year, and as Secretary in 1925 and

as Treasurer in 1926. Gladys is a Senior and was one of the main cogs in the Senior Basketball machine this year.

Mary Washburn was the second girl in the history of W. A. A. at DePauw to receive the D sweater in her Sophomore year. For two years she has been Track and Publicity Chairman of W. A. A. Board. "Billie" has been active in all sports; she was high point scorer of the Track Meet for two years and was a member of Basketball Varsity in 1926 and 1927. "Billie" is a Junior.

Laura Hare also received her sweater at the end of her second year, being the third girl to do so in that time. There is no one else who has accomplished this since that time, only three girls having done so. Laura is W.A.A.'s new President and has been on W. A. A. Board for two years. "Lolly" made Varsity Basketball in 1926 and 1927 and is a stellar athlete.

Laura Hare

W. A. A. has grown by leaps and bounds in the past five years from a membership of thirty to nearly one hundred and fifty. New sports have been started, new projects begun, and interest in sports has grown, until now many girls are engaged in sports or W. A. A. activities of some kind.

W. A. A. is one of the best organized associations on the campus. By careful supervision they have kept their work the highest and have made their awards the most honored. Only a few girls are able to mass during their four years in school the necessary points to be a wearer of the D sweater.

Lynette Rynerson

Margaret Ward threw a surprise into W. A. A. when she walked away with the tennis championship. With speed and ability to place her balls she soon tired her opponents who were seldom able to score a game against her. Lillian Russell took two games in the final set.

Lynette Rynerson, former champion, who had held the cup for the past two years, succumbed to the new champ 6-0 in the semi-finals, when she found that her slow but exceedingly consistent style of playing was no match for Ward's services and returns.

Margaret Ward

Margaret Ward came to DePauw from Colorado Springs, Colorado, to annex the DePauw championship, in addition to several others she brought with her from her home state. At the present her crown rests firmly upon her head and only from incoming classes can we look for someone to wrest it from her.

MINOR SPORTS

Freshman Football

THE turn out for Frosh football this year was satisfactory and their season's record good. They broke even on their two games, winning from the Franklin Freshmen by the score of 12-6 and losing to the Wabash Frosh 6-0; both of these games were hard fought.

In the Franklin game Neirgarth showed up best in the line while Blake and Godby starred in the back field, Blake scored the two touchdowns and Godby was a consistent ground gainer.

In the Wabash game they went down to defeat valiantly. At one time in the first quarter Hogan, quarterback, broke through the Wabash defense, eluded their safety man, and dashed fifty yards for a touchdown only to be called back for running over the boundary line. This bad run of luck did not affect our Frosh and they held the Cavemen Yearlings to a lowly six points. Gibbons, Hogan, and Neirgarth were the stars of this game with Captain Bob Gibbons working under the serious handicap of a bad ankle and an injured eye.

The two games scheduled for the season were the only times the Frosh played before an audience, yet every afternoon, wet or dry, during the season they furnished raw material for the Varsity to work out on to get the regular players in best form for their hard games. Many of these men will never receive even honorable mention for playing a glorious game or saving the day, but they are the ones who make a Varsity.

The Freshman must wait until the second, third, or fourth year before he can show his metal, yet while they are serving time on the Frosh or scrub squads they are helping to win games for DePauw through an indirect and seemingly unappreciative manner.

Freshman Basketball

The DePauw Rhinies proved themselves to be of good material as recruits for next year by the showings made in their four-game season when they carried the Old Gold colors high against our ancient rivals of Wabash and Butler.

Those men having opportunity to serve under fire were: Robbins, M. Crawley, Buckingham, Butler, Stunkel, Anson, Searcy, H. Crawley, and Burns; Russell Hauck served as manager.

The DePauw Frosh outclassed their opponents, State Normal, during the first of their initial game of the season, but the Sycamore boys overcame the one point advantage and rolled up a ten point lead before the end, winning, 31 to 21.

The Kittens were given their first taste of real blood when they nosed out the Butler Pups, 26 to 25. Although a bit hesitant to follow up the opening presented by their foe they soon fell into the step with the fast pace set by Robbins and M. Crawley to overcome the two point lead of Butler in the first half.

The second win came when they invaded the caves of the followers of Mowgli and dropped them, 41 to 39. After losing a lead at the first DePauw trailed through the entire game only to come up from behind and snatch the game by Crawley's final basket when the score was tied.

The final game was dropped to Franklin by four points.

Freshman Track

Coach Bucheit's Understudies waded through their opponents in their Wabash and Butler meets, a year ago last May. In their first meet of the season with Wabash, they managed to return with the laurels of a closely contested meet by a 4 2 3 points margin, the final score was 65 1 3 to 61 2 3 in DePauw's favor.

The members of the DePauw aggregation were: Wade, Vawter, Cornthwaite, Southerlin, Hawkins, Conner, Fredericks, Howe, Crews, Gunn, Arnold, Geene, Howell, Scott, Mull, Lyons, and Shellabarger.

The only outstanding feature of the meet which smacked of promise for future years was when Mull cleared the bar in the high jump at 5′ 9″. Wade was scarcely up to form in the hundred when he allowed Wabash to take the event in 10:8 and the fast time of four forty prevented Southerlin from capturing an expected first. Three runs were stiff going for Southerlin, but he copped a first in the half and third in the mile when Howe and Crews set a pace which resulted in 5:06 time.

Hurdles were an evident weakness when we were left with only a third in both the low and high. Howe and Crews proved themselves men of endurance when they took first in both the one and two-mile runs. Gunn cleared the pole for a first at 10′ 6″ while Howell and Scott took respective firsts in the discus and javelin events.

Freshman Baseball

The Freshman Baseball Squad experienced only one game during the season. This game was played with Wabash when they accompanied their brother Yearlings to Wabash for the track meet. A neck and neck game which resulted in an eleven inning tie was the outcome.

With Bayh in the box and Scheiner behind the plate, DePauw held Wabash to three runs during the first nine innings, which was a very good showing except for the fact that the Kittens were not able to better this score in their own behalf, the regular nine innings ending in a 3 to 3 tie. One run apiece was credited to each squad in the tenth, forcing them into a scoreless eleventh, after which the game was called because of darkness. The final score was 4 to 4.

The game was characterized by team work and good support from both sides for their pitchers. Comparatively few errors were handed out to either team.

Swimming

THE DEPAUW SWIMMING TEAM started off on its second season with high hopes for a successful year based upon the return of several of last year's men in addition to several promising Frosh swimmers.

In the first meet of the year Richmond Y.M.C.A. piled up 46 points while DePauw was making 18. Captain Doolittle and Marlatt were the outstanding stars for DePauw, taking first in their respective events. The visiting Indiana paddlers proved too strong for DePauw, defeating them by a score of 46 to 16. Indiana won six out of seven firsts, Murdock taking the remaining first.

In a return meet with the Richmond Y.M.C.A. two pool records were established when the Tigers annexed the first win of their history. Captain Doolittle did the 100 yard backstroke in 1:18 and the 100 yard relay team paddled off a record of 1:24:5. Wabash and the North American Gymnastic Union failed to offer much competition and were sent home on the short end of 54 to 13 and 41 to 17 scores. By taking five out of eight firsts the Hoosier Athletic Club of Indianapolis defeated DePauw, 41 to 17, and 44 to 16 in a return meet. Purdue's use of first year men gave them an advantage which enabled them to take home a 43 to 17 victory. The last meet of the year was lost to Michigan State by a score of 38 to 31.

High point men for the year were as follows: Captain Doolittle, 50; Marlatt, 51; Hawkins, 42; and Murdock, 36. Almost the entire team was composed of Freshmen and Sophomores which gives promise of a good season next year.

Rifle

The DePauw Rifle Team had a very successful year, winning ten out of twelve matches. The team rated seventh place in the fifth army corps area match with a total of 7,602 points. The DePauw squad was bettered by the University of Kentucky, Culver Military Academy, Indiana University, and the University of Dayton, these teams named finished in the first four positions respectively. The Freshman team received a fifth place in an intercollegiate meet open to Freshman teams of any college in the country.

Captain Savage was in charge and much credit for the team's success was due to his intelligent supervision.

As a result of the Tyro Rifle Match, a nationwide event promoted by the National Rifle Association, medals for outstanding marksmanship were presented to Clarence Glick, Richard Ketchum, Henry DePong, Ward Golden, Norman Wanegar, Howard Friend, Andrew Ramsey, Howard Ellis, Hugh Taylor, and Paul Sharp. In this Tyro Match medals were awarded only to those firing a score of ninety-five or better.

Ten members of the 1926-'27 squad received minor D awards and five received their numerals. Those having fired in the required number of matches to receive their D sweaters were: Ward Golden, Henry DeLong, Norman Wanegar, John Taylor, Eugene Volz, Richard Ketchum, Howard Friend, Paul Sharp, Howard Ellis, and Clarence Glick. Numerals were given to Andrew Ramsay, Merle Westfall, Harold Fleming, Ivan Nichols, and Charles Murray.

The season's record includes victories over the Michigan Aggies, Culver, University of Cincinnati, University of Southern California, Connecticut Aggies, Oklahoma A. and M., Lawrence College, Rose Poly, Dennison, and Ohio State. The team lost to Western Maryland and Cornell.

Golf

DePauw's Golf Team was unfortunate in the record they were forced to turn in for the season's showing. The '26 season marked DePauw's first entrance into the realm of King Golf and with the exception of the aid given by Todd Kirk, who served as coach and manager, the members of the team were thrown largely upon their own initiative.

The four members of the team, John Best, Richard Hill, Walter Daniel, and Albert McNutt, were chosen by Kirk, basing his selection upon their ability shown in individual play during the spring.

Dual meets were held with Butler, Indiana, and Wabash.

At the Pleasant Run course in Indianapolis the Butler foresome piled up a 20 to 2 score in taking their victory. Robey, of Butler, turned in the best score, 155 for thirty-six holes.

Indiana and Wabash were next in line to drop the local quartet. Best tied his opponent in the Indiana play, but the other three Indiana men were winners.

Although a poor season was credited, DePauw played at a disadvantage, having an inadequate course for practice and being forced to compete on strange ground.

CLUBS

Playground Baseball

Delta Upsilon

Delta Upsilon captured the playground baseball championship when they defeated the Phi Kappa Psi team and the Out-in-Town men in the final round. Delta Upsilon, Phi Kappa Psi, Out-in-Town men being the winners in their respective leagues.

This was the first year that a playground baseball tournament has ever been held at DePauw, being introduced by Asst. Professor Search as a part of the extensive intramural program now being conducted.

Phi Kappa Psi defeated Sigma Nu in the final round of their tourney while Delta Upsilon and Out-in-Town were victorious in their respective leagues.

Delta Upsilon downed Phi Kappa Psi in the first round of the finals for the campus championship and then blotted out what hopes the Out-in-Town men might have had by beating them in the last game of the season.

As this sport gives a better opportunity to the fraternties to practice in the limited space available in their yard it proved to be one of the most popular intramural sports.

The various contesting organizations of the campus were divided into three separate leagues who decided an individual champion among themselves who was to play in the final round. This was done on a percentage of games won and lost, not by a process of elimination. Although the league system has the disadvantage of dragging a sport out over so long a period that interest is not sustained it has been found to offer a fairer means of picking the winners and also gives a better opportunity for development to those teams which may get off to a bad start.

Baseball

Men's Hall Association

All Aspirants for the Freshman and Varsity baseball teams who were unsuccessful in being awarded their sweater or numeral were given an opportunity to display the hidden ability which Kirk and Morrison had overlooked by taking part in the baseball tournament, a part of the new intramural system.

Eighteen teams took part in the tournament sponsored by Kappa Tau Kappa; unlike many of the other sports it was held under the elimination system.

Because of constant use of McKeen field for Freshman and Varsity baseball practice it was necessary to hold all of the games at five o'clock in the morning. Many an unwilling player was roused from his warm bed to poke an unenthusiastic bat. Some very good baseball players were developed who have taken their places on the Varsity squad this year. Bayh and Esterline for the Sigma Nus, Sturtridge for the Phi Delts, and Hauck for the A T O s showed the best ability as pitchers.

Weather conditions prevented selection of the winner on an average of games won and lost and made the elimination system necessary.

Men's Hall downed the Commons Club in the final game to win the offered trophy. Alpha Tau Omega took the baseball trophy out of play which had been offered for the past eleven years by defeating the Lambda Chis. Previous to this time both teams had an equal claim to it.

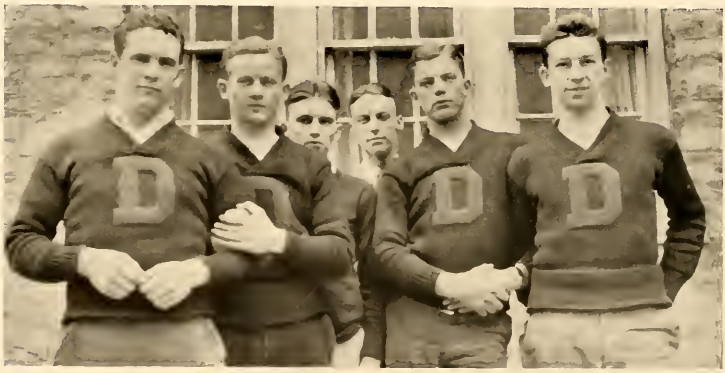
Track

Phi Kappa Psi

Phi Kappa Psi won the coveted campus track championship by virtue of its victory over all other campus organizations at Blackstock Field on Saturday, May 8, 1926. The Phi Psi cup lovers scored a total of 31 1/2 points with Men's Hall at their closest competition, securing 25 1/4. The Out-in-Town aggregation placed third with 18 points to their credit.

A numerous array of little-known track stars put in their appearance at the field and it seems that the class of '29, the freshmen, will be a profit to the DePauw aggregation of track stars in the next three years. The frosh trasksters carried off nine of the possible fourteen events of the first meet. Phelps, Delta Tau Delta, tossed the javelin for a count of 151 feet and 5 inches and Wade walked into the hundred yard dash in 10:4 for Delta Kappa Epsilon. Southerlin looked good for the Delts in both the 440 and half-mile runs. Fisher, Phi Kappa Psi, and Southerlin, Delta Tau Delta, tied for high points, each collecting ten points for their respective teams.

Coach Morrison and Old Gold tracksters, who officiated, systematically carried through the events in which over one hundred men were entered. The number of men turning out shows the interest aroused which is in keeping with Hughes' plan to get every man in DePauw into some kind of sport, be it varsity, minor, or intramural.



Speedball

Delta Upsilon

Although Speedball was a new game on the DePauw campus as an intramural sport, there was a great deal of interest and enthusiasm stirred up concerning it. Most of the games were hard fought and the contestants equally matched and experienced, or perhaps inexperienced. Few men in school had ever played the games before and in their first games they were in a fog as to the correct technique.

As in other intramural sports the campus organizations were divided into leagues, the Federal, American, and National. The Sigma Nus were victorious in the Federal league while the Commons Club won in the American league, and the Delta U s in the National league.

In the final play-off between the three league winners the D U s downed the Sigma Nu s, 5 to 2, and then took on the Commons Club to cinch the championship by beating them, 7 to 2.

The D U team was especially adept in the passing game and most of their victories were due to their superiority in this phase of the game. Royal Ray and Joy Anderson were the stars of the season. Arnold Tilden sustained a broken leg in the first game of the season.

Horseshoes

Men's Hall Association

As a new branch of intramurals horseshoes presented a sport for the men of the school who lacked the muscle and brawn necessary for the heavier athletics but at the same time necessitated a steady hand and keen eye to turn in a creditable score. Being classed as a minor intramural sport the matches were played under the elimination system. The greatest difficulty encountered was in getting the weather man to cooperate with the manager in carrying out his schedule of games.

Many of the organizations held tournaments within the houses to seek out those men within their number who had gained fame in their home town as horseshoe players. Much competition was shown in the matches to determine the men who were to represent each house.

Men's Hall snatched the trophy offered the winner by the athletic department when they defeated Delta Kappa Epsilon in the championship match. Darold Fleming and Robert Gates represented Men's Hall against Charles Bechtel and John Braden of the Deke team. These two organizations arrived in the finals after eliminating the Lambda Chis and Delta Taus in close matches of the semi-finals.

Rifle

Lambda Chi Alpha

THE INTERFRATERNITY RIFLE MATCH, sponsored by the R.O.T.C., proved to be one of the most popular intramural sports instituted under the new policy of extensive house sports as every organization was represented by a team. Keen competition was shown even in the houses for positions on the squad.

Captain Savage, of the military department had charge of the sport and was responsible for each team firing their rounds at a specified time and in accordance with the rules. Many of the entrants discovered, to their surprise, that firing at a small target barely visible at the end of a range was far more difficult than shooting at squirrels or rabbits back on the farm. Many of the men had participated in matches before and by intensive practice were able to turn in excellent scores.

In making a score of 743 out of a possible 750, Lambda Chi Alpha won, for the second consecutive time, the annual fraternity rifle match. This was an exceptionally good showing. Kappa Phi Sigma won second place with a score of 736 while Out-in-Town followed for a close third with a showing of 735.

The winning team was composed of Clarence Glick, Morrison Vivian, Howard Friend, Norman Wanegar, and John Bowers. Clarence Glick and Norman Wanegar—Lambda Chi Alpha; Ward Golden—Out-in-Town; and George Hutton—Beta Theta Pi all turned in perfect scores.

Bowling

Phi Gamma Delta

Intramural bowling as sponsored by the local chapter of Brooklyn Club, national bowling organization, was successful in making it one of the most popular intramural sports in spite of the poor accommodations for practicing and spectators who crowded the alleys during the final contests.

Fifteen teams, one from every men's organization on the campus, were entered in the tournament where the winner was selected by a process of elimination.

After throwing aside all those who attempted to oppose their progress the Phi Gams and Delts met in the final clash to decide upon whose mantle the athletic department award to the winner should rest. After argument on both sides and ability shown as bowlers by Bonge, Beauchamp, and Taylor the Phi Gams had a second bowling trophy to place above the fireplace for Freshmen to polish, and also to casually point out before prospective wearers of the white star pledge button.

Basketball

Delta Upsilon

Intramural Basketball created more interest than any other house sport. Each campus organization placed a good team on the floor in competition for the awarded trophy. The eighteen teams entered were divided into the American league, composed of the Military, Sigma Chi, Phi Gam, Phi Delt, and D U teams; the Federal league containing the Delt, Deke, Theta Nu, Beta, and Commons Club teams; and the National League of the A T O, Sigma Nu, Phi Psi, Kappa Phi Sigma, Sig Tau, and Men's Hall outfits.

The tournament was run off on a percentage basis, every team playing each of the other teams in their league two games and the team having the highest percentage of wins being the league winner.

Some of DePauw's fastest basketball was played in these games. The Phi Delt-D U game for the hampionship of the American league went three fast overtime periods, the D U team winning by the close margin of 17 to 13. The league winners were: American league, Delta Upsilon; National league, Men's Hall; and Federal league, Out-in-Town.

D U copped the campus championship by dropping the Out-in-Town outfit. Cristie and Brammell were the heavy scorers of the winners, totaling eighteen points between them. Hedges was high man for the Out-in-Town quintette. The first half was closely contested, but in the second the D U gang opened up to store away 22 points to the 16 of their opponents.

Swimming

Beta Theta Pi

Interfraternity Swimming, as no other sport, presented exceedingly keen competition. Practically every house boasted of one or two good tank men and around them the house teams were built. Many a freshman, through persistent urging of upper classmen, suddenly discovered that he had "made" the house team. Frequently the upper classmen were busy with some other activity requiring their presence the night of the meet. This accounts for the fact that a great many of the stars were members of the class of '30.

The teams were divided into three leagues, Federal, National, and American, each league being composed of six teams. The elimination process was used to determine the league winners. A series of three dual meets in each league selected the winner of each division. The three league winners then competed in a triangular meet as the finals to determine the champion of the campus.

By defeating the Phi Gams and the Phi Psis in the finals, the triangular meet of the intramural swimming championship race, Beta Theta Pi won the second annual cup presented by the athletic department for this branch of house sports.

Brooks, Ritter, and Bullard were high point men for the Beta champions while Johnson, Lukens, and Julian, carried off honors for the Phi Gams and Marshall, Lamphear, and G. Van Riper for the Phi Psis. The Betas took four first and two seconds in the final round.

Swimming

Kappa Alpha Theta

DePauw's Interhouse Swimming Meet, sponsored by W.A.A. was more of a success this year than ever before. Nearly every house turned out a good team and competition was close. The Swimming Chairman, Deen Kline, assisted by Miss Benton and Miss Barrows, planned and directed these meets.

Two preliminary meets were held, eight teams competing in each preliminary. The same events were in every meet: Side stroke, Crawl and Trudgeon for Form, 20-yard Free Style Race, and Diving; three dives were required—Standing Front, Running Front, and one optional dive.

The two teams that placed in first and second in the preliminaries were eligible to compete in the finals. Alpha Phi and Theta held upper place in the first; Kappa and Alpha Chi came out on top in the second preliminary.

These four teams competed in the finals. The mermaids of Kappa Alpha Theta emerged victorious. The members of their team were: Karenita Cooper, Mary Jo Springer, Helen Moffett, Madonna Myers, Kathleen Biegler, and Mary Louise Travis.

At the January meeting of W.A.A. a beautiful loving cup was presented to the winners. This is the first time that an interhouse swimming meet has been held with such success. To retain the cup it must be won three consecutive years.

Rifle

Kappa Alpha Theta

Kappa Alpha Theta's Rifle Team won the cup given by the Women's Athletic Association by making the highest score in the interhouse matches. Since this is the first time that matches have been held between organizations, it created a great deal of interest and the margins between scores were very close. The matches were held under the supervision of Gladys Scott, W.A.A. Rifle Chairman, and Captain Allbright of the Military Department.

Each house team was composed of five members. The shooting of each individual was done on regulation targets, with a possibility to score 100. The individual scores of the team members were totaled and the team which scored the most out of the total 500 being the winner.

The Theta's winning score was 452, with Alpha Gam running a close second with 450, and Rector Hall taking third with 449. The three highest individual scores of the matches were made by Frances Miller, Kappa Delta, and Bessie Seed, Rector Hall, tied with 96 each; and Mary Jo Springer, Theta, 95.

The members of the winning team are: Judith Bowen, Margaret Allen, Virginia Miller, Helen Newman, and Mary Jo Springer.

Basketball

Alpha Chi Omega

Alpha Chi Omega emerged victorious in the Interhouse Basketball Tournament for the second successive year. Last year's champs played four of the strongest teams to keep their title this year. The tournament was under the direction of Miss Rachel Benton, Coach, and Magdalene Fuller, Basketball Chairman. The games were played in an elimination tournament, four rounds being necessary to bring two teams to the finals.

The champs defeated Off Campus 19-11, and Kappa 28-20 in the first and second rounds. Alpha Phi defeated the Theta sextette and drew a bye in the second round to meet the semi-finals. In the semi-finals Alpha Phi met Rector while the Alpha Chis clashed with the Kappa Delts.

Both these games were fast and hotly contested. Alpha Phi disposed of Rector to the tune of 25-20. There was never more than two or three points difference in the score until the last few minutes when Alpha Phi took the lead and kept it to the end of the fray. The Kappa Delts almost upset the cupholders; after trailing 32-15 at the half they came within four points of tying the score when the final gun ended the game with the tally at 39-35.

The final game was rather slow and uninteresting, compared to some of the preceding games of the tourney. Alpha Phi was easily downed by the Alpha Chi basketeers, 34-17. Mildred Spindler and Laura Hare, Alpha Chi forwards, were individual stars, playing a clever passing and shooting game throughout the tourney. "Mil" was high scorer tallying 76 of her team's 120 points. Joan Doak, captain and side center for the victors, played an aggressive game, outplaying all of her opponents. Alpha Chi now holds the Championship Cup which was captured from Rector Hall in 1926, who in turn took it from Alpha Chi in 1925. The present cupholders must win next year's tournament to retain the cup permanently.

The Intramural Year

F. Allen Graham
Intramural Manager

DePauw's Schedule of intramural sports this year has been the most inclusive in the history of the school and one of the most extensive to be found in any mid-west college.

Few students who have taken part in athletics on their high school teams find that they are able to continue with them in college, only a few of the stars have this opportunity. But under this plan of intramurals it is possible for those students to continue in athletics on their respective house teams.

FRATERNITIES

Kappa Tau Kappa

COOPERATION between the fraternities themselves and with the administration has been the principle followed by Kappa Tau Kappa as the interfraternity council at DePauw. Although relations between the administration and the fraternities have been strained, Kappa Tau Kappa has succeeded in keeping it at a minimum and has maintained a remarkable spirit of good feeling between the fraternities.

In view of the work they have accomplished in upholding campus traditions and stimulating student interest in school affairs it is considered one of the highest senior honors to be a wearer of the black eagle emblem. One person from each national fraternity is selected to membership.

The personnel of Kappa Tau Kappa this year is:

Row One: George Smock, Beta Theta Pi; Charles Bechtel, Delta Kappa Epsilon; Joe Cushman, Delta Upsilon; Thomas Evans, Alpha Tau Omega.
Row Two: Robert Crouch, Sigma Chi; Walter Benge, Phi Gamma Delta; Jack Berryhill, Phi Delta Theta; Gerald Enyeart, Lambda Chi Alpha; John Pucket, Phi Kappa Psi.
Absent: George Esterline, Sigma Nu; Robert Morris, Delta Tau Delta.

Pan-Hellenic Council

Pan-Hellenic Council, which is the intersorority organization, is made up of representatives from each woman's fraternity on the campus. Members are elected in the spring of their Sophomore year and serve for the two consecutive years so that there is one Junior and one Senor member each year on Pan-Hellenic Council. Not only does the Council deal with problems existing among the sororities in regard to rushing and other social functions, but it also promotes scholarship and higher standards among the campus women.

Pan-Hellenic Council is a national organization in which the DePauw group has membership. It has national aims of regulating pledging, of promoting cooperation among the sororities, and of raising scholastic standards.

Every Spring a Pan-Hellenic banquet is held to which all girls making an average of forty points or over are invited. The Council furthers high scholastic standing among the groups by giving a cup each year to the sorority with the highest grades.

During the past year Veneta Kunter has been president of the organization, with Dorothy Dunn as secretary and treasurer.

Row One: Janet Neff, Kappa Kappa Gamma; Helen West, Kappa Alpha Theta; June Lightfoot, Alpha Chi Omega; Evelyn Schmidt, Alpha Chi Omega; Henrietta Jungclaus, Kappa Alpha Theta; Lorene Golden, Alpha Omricon Pi; Dorothy Dunn, Phi Omega Pi.

Sigma Delta Chi

No honorary organization of the campus is so active in its field of endeavor as Sigma Delta Chi. "The Yellow Crab", "The Gridiron Banquet", the national essay awards, and the book alcove, upon which the organization is now working, are a few of its major activities in addition to the four major publications of the campus which are edited by individual members.

Membership is elective and is based upon journalistic ability and activity.

DePauw has a special claim of admiration upon Sigma Delta Chi owing to the fact that it was founded at DePauw University in 1909. Expansion has been favored, but only after a careful consideration of the petitioning group. At the present time the chapter role totals thirty-nine.

Mention must be made of the black Stetsons and their white Greek letters with which Sigma Delta Chi will ever be inseparable.

Row One: Robert Crouch, president; Dean McMahan, Lyman Cloe, Kenneth Kramer, John Fraley, Paul Bell.
Row Two: George Smock, treasurer; James Bailey, Raymond Pence, Hillary Bailey, William Ong, Charles Robbins, secretary.
Absent: Lester Mitchell, John Hillman, Robert Bullard, Claude Mahoney, John Best, Bernard Kilgore, Leslie Sniff.

Theta Sigma Phi

SIGMA OF THETA SIGMA PHI, national journalistic fraternity for women, was installed at DePauw in 1919. Membership is based upon superior work in journalism and activity in journalistic groups on the campus. Women are elected to the fraternity from the junior and senior classes.

Theta Sigma Phi entertains each year with a journalistic tea and Matrix Table. Matrix Table is the razz banquet to which about two hundred women who "rate" on the campus are invited. This year the affair was a Court Martial held at the Presbyterian Church where innumerable culprits were sentenced.

Each year two special editions of THE DEPAUW, the Old Gold Day and May Day extras, are published by Theta Sigma Phi.

Officers in the organization the past year were: Betty Tilden, president; Portia Showalter, vice-president and corresponding secretary; June Mull, recording secretary; and Annabelle McWethy, treasurer.

Duzer Du

DUZER DU is the twelfth chapter of Pi Epsilon Delta, national dramatic organization, combined with a local company of University players. It became the local chapter of the national organization in 1924, although Duzer Du had existed on the campus previous to that time.

Membership is based on tryouts which are held in the fall of each year. Those selected for Duzer Du become eligible for Pi Epsilon Delta upon securing twenty points, based upon the amount of dramatic work accomplished.

John Puckett played the leading role in the first play of the year, "The Boomerang". He was supported by Morrison Vivian, Dorothy Smith, and Mary Elizabeth Houck.

Just before Christmas vacation three one-act plays were given with casts made up of new pledges, supported by a few active members. "The Bird's Christmas Carol", taken from the three act play by Kate Douglas Wiggin, was condensed into a single act of two scenes. Comedy ran throughout the play with the underlying theme subtly revealing itself.

Row One—Lyman Cloe, Virginia Bailey, Jesse Johnson, Iris Kaufman, Delos O'Brien, Dorothy Smith.
Row Two—Elizabeth Tilden, George Smock, Betty Shrock, Horace Wright, Lillian Dale, Albert Crews.

Pi Epsilon Delta

Merna Pace, supported by Robert Allingham, carried the lead in John Golden's, "The Vanishing Princess". "Why the Chimes Rang" was given for the second time in two successive years upon request that it be repeated. The lighting effect, under direction of Harry Williams, was a special feature of the performance.

In February, Channing Pollock's "The Fool", was presented. Paul Shults took the part of Gilchrist. He was supported by Lyman Cloe, as Jerry Goodkind and Helen Rice in the part of Clare Jewett. Helen Grant, Betty Shrock, Austin Bruce, Mary Elizabeth Houck, and Delos O'Brian filled important roles.

Much of the success of Duzer Du has been due to the interest and direction of Professor Gough, Assistant Professor Williams, and Miss Morris.

The officers of the organization are: Harry Williams, president; Margaret Emily McGaughey, vice-president; Mary Elizabeth Houck, secretary; Delos O'Brian, treasurer. treasurer.

Membership into the organization is elective from the officers and advanced students in Military Science and Tactics.

DePauw's Military department has always ranked high in comparison with other schools, twice it has received the gold star award. Much of the interest, necessary to such rating, has been fostered by Scabbard and Blade.

The local chapter has established the custom of presenting the retiring officers with swords and in addition to this they have annually paid their endowment pledge to the University.

Row One—James Stephan, Clarence Glick, Arvey Diettert, Hugh Taylor, Hugh Spohn.
Row Two—William Hahnert, Royal Ray, John Marshall, Walter Bonge, Charles Robbins, Robert Bullard.
Row Three—Morrison Vivian, Horace Wright, Bruce Murr, Charles Knaub, John Puckett.

Alpha Mu Pi

THE local chapter of the national sorority, Alpha Mu Pi, was chartered at DePauw in 1924. It is composed of the sponsors of the R.O.T.C. and aims to create a better spirit in the military units, to establish more interest in the work of the local group, and to bring about increased support from the student body. Its purpose has succeeded to the extent that the work of the unit has been bettered and a closer cooperation with the student body has been brought about.

Membership is elected partially by the organization and partially by the Military department. Alpha Mu Pi nominates a group of representative women on the campus from which number the men in the military department select the pledges. Members of Alpha Mu Pi accompany the officers in the formations. The wives of the officers of the general staff are automatically honorary members of the organization.

Row One—Mary Elizabeth Paddock, Mildred Spindler, Iris Kaufman, Mary Elizabeth Houck.
Row Two—Helen Haupt, Ruth Nave, Annabelle McWethy, Lucy Mae Greer.
Absent—Aileen Noblitt, Margaret Rohwedder, Mildred Peterson, Mary Frances Page, Mary Miller, Mary Williams.

Phi Mu Alpha

Lambda of Phi Mu Alpha, or Sinfonia, was installed on the DePauw campus March 14, 1924. It is an honorary elective organization which aims at the promotion of fraternal friendship among those particularly interested in music.

The national fraternity was founded in 1896 at the New England Conservatory of Music, at Boston, Massachusetts.

In the past years Phi Mu Alpha has distinguished itself by the production of a musical comedy, but this year some insurmountable difficulties were placed in the way of this project.

During the year it has sponsored several recitals and programs which have kept alive an interest in music on the campus.

Perhaps the greatest service it has rendered to the University was in publishing a song book containing school and fraternity songs.

Row One—Oliver Black, William Sharkey, Leslie Wilbern, Emerson Allman, Russell Fletcher.

Row Two—Frank Myers, William Blanchard, Carol Cross, Robert McCullough, Norman Beeson, Homer Curless.

Mu Phi Epsilon

Zeta Chapter of Mu Phi Epsilon, national music sorority, was first installed at DePauw December 9, 1905, and later re-established June 7, 1919. The first chapter of Mu Phi Epsilon was founded November 13, 1903, at the Metropolitan College of Music in Cincinnati, Ohio. The organization has for its purpose the further advancement of music in America.

Membership in Zeta chapter is based upon a high scholastic standing in the School of Music and especial interest and talent in some musical line. Mu Phi Epsilon pledges each year from Juniors and Seniors in Music School. Meetings are held bi-monthly.

Mu Phi Epsilon is active on the campus in that each year it sponsors eight musical programs which are usually open to the public. Besides these concerts it gives various musical selections at Chapel during the year.

Officers of Zeta Chapter are Marcella Lineback, president; Frances Cain, vice-president; Mary Ruth Bottles, secretary, and Anne Finnegan, treasurer.

Row One: Agnes Warriner, Esther Dean, Dorothy Wright, Janice Warr, Lorinda Cottingham, Elizabeth Smith, Edith Nelle Morris.

Delta Sigma Rho

Delta Sigma Rho is a national collegiate honorary forensic fraternity with membership selected from those who have participated in inter-collegiate debates. The fraternity was founded in 1906 and at the present time there are about sixty chapters.

DePauw has been especially fortunate in the quality of her debaters the last year or so. They have won with almost no exception. As a result, interest in debating has grown keener.

The officers of the fraternity are: James Obear, president; William Smith, vice-president, and Delos O'Brian, secretary-treasurer.

Row One: William Smith, Bernard Kilgore, Robert Williams.
Row Two: James Obear, Margaret Jenkins Drake, Delos O'Brian.
Absent: Professor H. G. Gough, N. J. Weiss.

Mortar Board

The De Pauw Chapter of Mortar Board, senior honorary fraternity for women, was established in 1919. The national organization had been formed in the preceding year at Syracuse, New York, by representatives from senior honorary societies at the University of Michigan, Cornell University, Swarthmore College, and Ohio State University. There are now twenty-eight chapters in universities throughout the United States.

New members are recommended by the acting seniors on Mortar Board and voted on by the faculty. Those who receive the honor are "capped" at the May Day breakfast by acting members. Membership is based upon scholarship and campus activities.

The purpose of Mortar Board is to further cooperation among the senior honorary societies for women and to increase scholarship, service, and leadership on the college campus.

Faculty members include Dean Katherine S. Alvord, Miss Dade G. Shearer, and Miss Minna Mae Kern.

Officers in Mortar Board are Agnes Hall, president; Marcella Lineback, treasurer, and Claire Ferris, secretary.

Row One: Marcella Lineback, Betty Tilden, Dorothy Smith.
Row Two: Ruth Coulter, Agnes Hall, Claire Ferris.

The local chapter of Phi Beta Kappa, Alpha of Indiana, was established in 1899. It was the first chapter established in the state. Phi Beta Kappa was founded at the College of William and Mary, Williamsburg, Virginia, in 1776, and since that time it has grown to be one of the most noted and respected of all honorary scholastic fraternities.

HONORARY FRATERNITIES

Beta Delta Pi

THE value of this organization was established beyond doubt when the debating members of the coterie succeeded in convincing the administration that a sophomore organization would benefit the campus. Between the debaters and literary personages who wrote, drafted, presented, re-wrote, re-drafted and again presented their constitutions they were permitted to safely wear their yellow hats upon the campus.

It is not the intention of Beta Delta Pi to make itself felt upon the campus as a dominating body in any certain field of endeavor, but rather to train their members to enter in such fields in the next two years. No matter what else the organization may do it has created a fellowship between the members of the sophomore class that is in keeping with the traditions of DePauw and will aid their class in years to come. Undoubtedly many of the present members will take their place among the campus leaders next year.

Representation in the organization is inclusive of all national and local fraternities, halls, and off campus residents; two members being apportioned to each group.

The present personnel of Beta Delta Pi is: Don O'Rear and Eugene Wilson, Sigma Chi; Harry Scott and Ernest Firebaugh, Phi Delta Theta; Bernard Kilgore and Donald Hawkins, Phi Gamma Delta; John Cook and Edward Dunn, Delta Kappa Epsilon; Raymond Evans and Glen Williamson, Sigma Nu; Cyrus Gunn and Arnold Fisher, Phi Kappa Psi; Philip Holton and Nicholas Noble, Beta Theta Pi; Vere Sutherlin and Clark Walsh, Delta Tau Delta; John Gregory and Thomas McCarty, Delta Upsilon; Merlin Shellabarger and Willard Bray, Alpha Tau Omega; Harry McKay, Lambda Chi Alpha; Clifton Loveless, American Commons Club; Leo Costello, Sigma Tau Gamma; Oswald Stone, Men's Hall; Thomas Ellison, Off Campus.

Biology Club

The Biology Club is an organization composed of superior students in the department of Biology. New members are selected each year on the basis of the standard of work done in the department. Its monthly meetings are devoted to a discussion of current research into topics of scientific interest. It was founded at DePauw in 1921.

Under the direction of the club each year a number of lecturers of prominence in the field of biology are brought to the campus. This year the club was instrumental in securing Professor Howard Enders of Purdue University to give a lecture on "The Work of the B. B. Biological Station in British Guinea". Professor Paul Weatherwax appeared under the auspices of the club and delivered a lecture on "The Story of the Corn Plant". An educational exhibit will be presented in the near future.

The Cosmopolitan Club

THE COSMOPOLITAN CLUB is, as its name signifies, a group organized primarily for the benefit of the foreign students. It first appeared on the DePauw Campus in 1922 and took as its motto: "Above all Nations is Humanity". Its aim is threefold: The club desires, by association between the foreign and American students, to bring them into closer contact and relationship, to encourage cosmopolitanism in thought and action, and to promote and increase the spirit of international understanding. The Cosmopolitan Club aspires to break down any racial prejudices which might creep into campus life.

Members are elected annually. For each foreign student in the organization an American is admitted to membership. For a year after the Cosmopolitan Club was founded at DePauw it remained entirely a local group. However, in 1923 it was admitted to the national association known as Corda Frates. Organizations similar to the Cosmopolitan Club are located at other universities. The organization holds meetings every two weeks for the discussion of social and international questions.

Epsilon Epsilon

Epsilon Epsilon is the club for students in the department of Greek literature. It exists for the purpose of sponsoring an interest and intelligent appreciation of the masterpieces of Greek art and literature. It was organized at DePauw in 1913 under the leadership of Professor Rufus T. Stephenson, head of the department of Greek literature.

In the last few years the Greek Club has made a unique contribution to the life of DePauw in its annual presentation of a Greek play. Last year the Iphigenia Taurica of Euripides was staged in the Little Theatre; this year the Antigone of Sophicles, originally performed about 450 B. C., was presented. These presentations enable the students of our more modern literatures to appreciate the tremendous debt which modern drama owes to Greek tragedy.

The officers of the organization are: Samuel Riggle, president; Donald Bailey, vice-president; Fae Houston, secretary-treasurer. Other members are: Wood Blackburn, Clyde Buckingham, Homer Cloud, Everett Conder, Robert Currant, William Ellis, Norman Feruson, Sharon Finch, John Hanger, Ralph Hayes, Van W. Freshman Council

HERETOFORE the Freshman class at DePauw has had no organization other than its class officers and various temporary committees that have existed during the year. With this in mind the class of this year decided to have a more active body coming from the Freshmen class so the Freshman Council was organized. It came as a spontaneous suggestion from the members and officers of the class itself. In this way the sponsors of the plan sought to divide the power in the class among its members rather than limiting it to the executive force alone. As a result a constitution was drawn up providing for a council to consist of representatives from the different groups on the campus. After a meeting with the Reverend McLean the project was completed.

The purpose of the Freshman Council is to marshall and collect the interests of the class in stimulating whatever talent or ability may be latent in the organization. It is a protest against the many leaders from high schools who, for the first year or so, have no opportunity to display their ability.

Besides the officers in the Freshman class, the Council consists of the following: Kappa Alpha Theta, Elizabeth Hine; Kappa Kappa Gamma, Everissa Waite; Alpha Chi Omega, Margaret Luke; Alpha Phi, Virginia Hudson; Alpha Omricon Pi, Madeline Finley; Delta Delta Delta, Ella Mae Webster; Delta Zeta, Katherine Homan; Phi Omega Pi, Dorothy Rutter; Alpha Gamma Delta, Jane Gustafson; Kappa Delta, Sarah Burris; Off Campus, Mary Lou Twiman, and Clara Martin; Mansfield Hall, Cora Ewan; Rector Hall, Virginia Hanna; Beta Theta Pi, William Seaman; Phi Gamma Delta, George Dirks; Sigma Chi, Charles Gordon; Phi Kappa Psi, Edward Van Riper; Delta Kappa Epsilon, Robert Stretch; Phi Delta Theta, Robert Fry; Delta Tau Delta, William Carvey; Delta Upsilon, David Lewis; Sigma Nu, Russell Knudson; Lambda Chi Alpha, Dwight Neal; Alpha Tau Omega, Earl Dragoo; Kappa Phi Sigma, Francis Pearson; Sigma Tau Gamma, Herbert Erdman; Commons Club, Franklin Alexander; Men's Hall, William Black, Earl Johnson, and George Rinehart; Off Campus, Curtis Miller, Harris Ward, Marvin O'Neal, Russell Rosencrans, and Edward Strasma.

Home Economics Club

The Home Economics Club originated in the department bearing its name. The purpose of the club has been to allow the students in this department to become better acquainted and to create a greater interest in the work of this group. Meetings are held every two weeks at which time subjects pertaining to their work are discussed and viewed from various angles. The home of the club is in the Home Economics bungalow which provides an excellent workshop for the majors in the department. In this way a broader interest in maintaining a home is developed and sponsored.

It has been the custom of the club to serve luncheons at meetings of other organizations on the campus. Such a practice has proved very beneficial to the group. Besides this project the Home Economics Club managed a Christmas Bazaar during the past year. It was the main event of the year and proved quite successful. The club also does a certain amount of feature work which includes productions in woodcraft and art.

Faculty members of the club are: Miss Elizabeth Morrison and Miss Catherine Townsend. Miss Mildred Dimmick is an honorary member.

Officers in the organization are: Frances Studebaker, president; Margaret Maple, vice-president, and Mabel Casey, secretary and treasurer. Other members are: Dorothy Lynch, Varleigh Burdett, Frances Clark, Mary Margaret Ryan, Nina Palmer, Anne Williams, Mary Foster, Regina Herron, Esther Reynolds.

Naperian Club

If we mistake not, it is in honor of John Napier, Laird of Merchiston, and Scottish inventor of logarithms, that the Naperian Club takes its name. And, like its distinguished namesake, it finds "muche pleasuntnesses" in the laws of higher mathematics.

Membership is elective, majors in the Mathematics department being eligible.

At the meetings papers are read and discussion is centered about some of the contemporary discoveries and theories in mathematics. The future Einsteins are thus kept informed of current mathematical progress.

Philosophy Club

The Department of Philosophy sponsors the Philosophy Club, a departmental organization including Philosophy majors of high scholastic standing. It was organized at DePauw two years ago under the guidance of Professor L. R. Eckardt, head of the Department of Philosophy, who has acted as its advisory officer.

The Philosophy Club makes a definite effort to occupy a place in moulding the thought of the campus. At its meeting topics relative to current philosophical tendencies are studied. During the year it is the policy of the organization to bring worthwhile lecturers on contemporary thought and philosophical subjects to the campus. The Club took a leading part in sponsoring the lectures of Dr. William Durant, national known authority on philosophy, in the Guy Walker series of addresses. These lectures attracted considerable interest among both students and faculty. Mr. Robert Stewart, prominent attorney, was secured for an address on "The Relation of Ethics and the Law". Plans are now being formulated which will bring Professor Otto, of the University of Wisconsin, author of "Things and Ideals", to the campus for a lecture this Spring.

Honorary members of the Club are: Dr. and Mrs. L. R. Eckardt, Professor and Mrs. Hubert Townley, Professor and Mrs. C. E. Hildebrand.

Religious Education Club

One of the newer departmental organizations at DePauw is the Religious Education Club which was established in 1925. Students who are interested in religious work, primarily majors in the Department of Religious Education, make up the membership of the club. Monthly meetings are devoted to the discussion of topics related to the work and interests of the department.

At the monthly meetings this year, papers have been read relating to the scope of the field of religious education. In addition, the club has devoted considerable time to a consideration of the religious problems of the DePauw campus in an effort to be a useful and vital factor in the life and interests of the school. The Religious Education Club aims to supplement the work of such organizations as the church and Y.M.C.A. by taking a specialized interest in religious training. It is making a distinct effort to aid in building up a wholesome and stimulating religious life in the school.

Professor E. R. Bartlett, head of the Department of Religious Education, is the faculty adviser of the organization.

The officers of the club are: Marguerite Rusk, president; Burlin Main, vice-president; Mary Elizabeth Glossbrenner, secretary; Helen Fehr, treasurer.

TOYNBEE is an honorary club for majors in the Department of Sociology. Membership is elective. It was founded at DePauw in 1909.

Papers and discussion fill most of the program at the bi-monthly meetings. Through these gatherings those interested especially in Sociology are brought together and derive much good from the association.

Besides the research papers ample time is allowed for discussion of some of the major sociological problems of the times.

William Lockwood is president of the organization; Katherine Parish, vice-president; and Isabelle Wheeler, secretary-treasurer.

Other members are Richter Castle, Bower Pennington, Gordon Ritter, Pryor Pickering, Raymond Day, Robert Hall, Sarah Anne Poucher, Mary Elizabeth Paddock, Lucy May Greer, Isabelle Wheeler, Marcella Gillespey, Katherine Parish, Berdeen Cline, Alice Barrows, William Lockwood, Herman Cougill, and Prof. Turney-High are members.

Tusitala

THE literary organization at DePauw is Tusitala. It is more or less of Bohemian character with meetings held at irregular times and in unusual places. There are no officers, nor are there any announcements or reports of meetings made public. Its purpose is to increase a closer and more intimate bond among the literati of the campus. Original manuscripts and critical comment furnish the program at the meetings.

Membership is based upon a certain degree of talent along some kind of creative writing. In the spring of each year bids for the submission of trial manuscripts are sent to candidates upon the recommendation of professors in the department of English Composition. These manuscripts must be work that has not been previously used for an assignment or criticized and revised in that light. From this group of tryouts a small number of students are invited to become members of Tusitala. Initiation is then held at the traditional Tusitala banquet.

At each meeting lots are drawn for the hosts of the next meeting, the writer of the "Log", and the readers of manuscripts. Any other form of entertainment is spontaneous.

Miss Elsie Taylor is faculty advisor of the club.

Other members are: Lyman Cloe, William Ong, George Smock, Lynette Ryner-son, Margaret Macy, June Lightfoot, Walter Bullock, John Burkhart, Betty Tilden, Portia Showalter, Annabelle McWethy, Betty Lind Shrock, Doris Smith, Lester Dolk Walter Bruington, William Schoenhoff, and Ruth Troutman.

Woman's Self-Government Association

The Woman's Self-Government Association is an organization to which every woman registered in the University is automatically a member. Its executive body is composed of a board which is elected annually and includes one representative from each house of residence on the campus, the presidents of W.A.A. and Y.W.C.A., the vice-president of the student body, and the officers of W.S.G.A. With the idea of making a more compact body the plan of electing one representative from each house was adopted two years ago. It has proved successful.

Each member of the board is appointed chairman of some campus project or activity. These committees include the following: Big Sister, Publicity, Show Down, Madras Drive, Off Campus Women, Mass Meetings, Endowment, and the May Day Play. Meetings are held bi-monthly in Alvord Hall.

W.S.G.A. Board sponsors various activities throughout the year and regulates certain policies among the women on the campus. This year W.S.G.A. was responsible for bringing Alpha Lambda Beta to the DePauw campus, an organization for which freshmen women making an average of thirty-eight points are eligible. It is a national organization, having been founded at the University of Illinois.

The annual Show Down was also presented this year at Little Theatre in which Kappa Delta, Alpha Omricon Pi, Mansfield Hall, Kappa Kappa Gamma, Delta Zeta, and Alpha Gamma Delta participated. Kappa Kappa Gamma was winner of the silver cup which was awarded for the best production. Alpha Gamma Delta and Kappa Delta won second and third places respectively.

Honorary faculty members include: Dean Katherine S. Alvord, Miss Dade G. Shearer, and Miss Minna Mae Kern.

Officers are: Ruth Coulter, president; Elizabeth Wentworth, first vice-president; Edith Leavitt, second vice-president; Josephine Overton, secretary; and Dorothy Hack, treasurer.

Other members of the Board are: Dorothy Lock, Dorothy Peterson, Mildred Ballack, Marian Fiscus, Marian Vickery, Mabel Marlar, Anna Yant, Margaret Macy, Helen Hester, Helen Louise Cox, Louise McGalliard, Mary Foster, Helen Dunbar, Roberta Johnston, Dorothy Spiker, Dorothy Smith, and Mary Elizabeth Houck.

Rector Scholars

PERHAPS there is no finer part of DePauw than the Rector Scholarship Foundation. Established and endowed by a man deprived of the richness and value of a college education, nurtured by a scholarly gentleman and friend, participated in by about five hundred men, it truly represents DePauw at her best.

Through the kind generosity of the late Edward Rector the Foundation was made possible; under the sympathetic supervision of Dr. Henry B. Longden it has flourished; by its hundred graduates each year it shall be perpetuated.

Its aim is the encouragement of scholastic attainment, the reward of scholastic accomplishment. Scholarships are available to men of high standing in high school and to Freshmen making fifty or more points during their first year in the University.

Not least among the benefits secured by the scholarships it has been to attract a geographically diversified group of students, representing most of the states in the Union, and rounding out the whole campus atmosphere.

The Foundation has not only awarded scholarships, but has maintained a loan fund from which those in need may draw. Its usefulness can scarcely be overemphasized.

Edward Rector will long be remembered by those of DePauw as a benefactor and friend of the highest order. Rector Hall, Longden Hall, the proposed Lucy Rowland Hall, will remain physical monuments to his munificence; hundreds of DePauw's finest men will be the intangible evidence of the value of his gifts.

A distinct part of the Foundation is its Director, Dr. Longden. Possessed with a great heart and a fine understanding of campus perplexities and problems, he has endeared himself to every Rector Scholar.

To Mr. Rector and Dr. Longden DePauw will ever be indebted. Their contribution can never be measured nor, indeed, be quite fully repaid.

The Yellow Crab is the humorous magazine of the DePauw campus published under the direct supervision of Sigma Delta Chi. It is one of the four major publications of the school.

In spite of the fact that the original intention of publishing the Crab quarterly was not carried out it attained the unique distinction of being suppressed. Two issues were distributed during the year, The Kick-Off and The Christmas numbers.

Dean McMahan was appointed editor-in-chief and Robert Crouch business manager, George Smock as treasurer of Sigma Delta Chi and chairman of the censoring committee has had a direct interest in the publication. The staff has been composed of those students wishing to contribute humorous sketches.

Press Club

THE PRESS CLUB is composed of students majoring in the department of journalism. The primary purpose of the organization is to aid journalistic enterprises on the campus. At the monthly meetings of the club during the school year many prominent speakers in various fields of journalism have been secured to address the organization on topics pertaining to their own field of work.

Among those speakers who have addressed the club this year are Ray Everson, of the Indianapolis News; Charles LaFollette, of the Bobbs-Merrell Publishing Company; Mrs. Eleanor Fields, of the Indianapolis Times; Norman J. Radder, of Indiana University; and Miss Leonora Ross, of the Indianapolis Star.

The annual Press Club banquet is held in April.

MUSIC

University Choir

THE UNIVERSITY CHOIR is composed of sixteen advanced students of the School of Music who are thus given an opportunity for the study of the best sacred music and its rendition. The Choir is well known throughout the state for the excellence of its work, a reputation that it has maintained for seventeen years.

This year it has taken several trips through the state, the most important of these being the five day trip that it began on February fourth, giving programs at the First Church of Marion, the Indiana Theater of Kokomo, the Simpson Street Church of Fort Wayne, the First Church of Fort Wayne, the First Church of Wabash, and at Auburn. It has also given concerts at Greenfield and at Evansville and expects to make several more during the college year. Dean Robert G. McCutchan, who for many years has been the conductor of the Choir, is to be especially complimented on the excellence of its work this year.

The members are—

Soprano: Edith Nelle Morris, Alice Stage, Margaret Dennis, Fern Gray.
Alto: Mary Alice Murry, Alpha Williams, Virginia Auyer, Mary Ruth Bottles.
Baritone: Omer Pevler, Paul Wykoff, Medford Maxwell, Herbert Sedan.
Tenor: Russell Fletcher, Donald Wilson, Robert Freed.

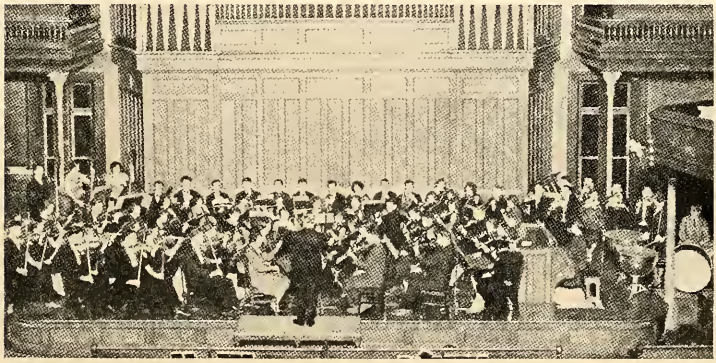
University Orchestra

The DePauw Symphony Orchestra which was organized and has been under the personal supervision of Dean Robert G. McCutchan, has become one of the most worthwhile and desirable organizations of the campus. Attendance at chapel on days when the Orchestra is scheduled to play is evidence of its popularity.

Some eighty instruments of almost every kind are used. Students, faculty members, and anyone connected with the University are privileged to take part. The majority of those playing are enrolled in the Music School.

The Orchestra is well known throughout the state by reason of the concerts it has rendered at various times in Indianapolis, Danville, Crawfordsville, and other nearby cities. Cost of transportation for so large a number of students has been a serious handicap in complying with the numerous requests received for appearances.

The high rating they have received by the music critics who have heard them has not been easily attained, but only after monotonous hours of practice for weeks at a time have they qualified themselves to their director before he would allow them to make one of their popular public appearances before the student body or in a nearby city.



String Sextette

The String Sextette was organized this year to accompany the University Choir on its trips. It is composed of six advanced students in the School of Music who are thus given an early opportunity for public appearance. This year the Sextette has taken several trips through the state, the most important being the five-day trip taken with the choir, giving programs at Marion, Kokomo, Fort Wayne, Wabash, and Auburn. The Sextette has also given concerts at Evansville and Danville and has made several appearances at chapel.

University Girls' Chorus

The University Girls' Chorus has been under the direction of Miss Helen Fowler this year. Three home concerts were given, one at the Methodist Church, one at the Presbyterian Church, and one for the Business Women's Club of the city. The program, "A Fantasy of Time", was supported by Miss Mildred Morris who gave readings during the interludes.

On March 17 an evening concert was given by Mr. Burton Thatcher, a well known baritone of Chicago, under the auspices of the Chorus. The program was divided into five parts: The first, an aria by Verdi; the second, a group of opera selections; the third, several Salt Water Ballads; the fourth, a group of miscellaneous numbers; and lastly, a collection of negro spirituals. It is hoped that in the future a number of such concerts can be given.

Military Band

DE PAUW'S sixty-two piece military band is not outrivaled by any other band in a school of our size in the state. Starting some ten years ago with approximately twenty members it has grown each year until now it assumes an important part in creating athletic interest and has twice aided the local R.O.T.C. unit to receive the gold star award.

What the band has done and is doing is to be credited to the members and Walter VonBrock, director. They have received little assistance from the administration, and have found it necessary to depend almost entirely upon their own initiative. Other schools have found it necessary to hire a director, buy uniforms, and instruments for the members, but in spite of these obstacles the band has continued to grow and improve.

No athletic contest in which DePauw participates either at home or at another school would be complete without our band and the thrill they give us when they break into "March on Down the Field".

Director: Walter VonBrock.

The Concert Band

The Concert Band, a group of thirty-two men picked from the regular Military Band, has been organized by Director Walter VonBrock for the purpose of giving a number of concerts in various cities during the spring vacation. This is the first year that a DePauw Band has ever attempted to give concerts away from the school and it has turned out to be very commendable. Mr. Von Brock has been working very hard this year to give to DePauw a band that can be exceeded by none, and for this he should be justly complimented, owing to the conditions under which he has worked.

The Band has given concerts in Brazil, Princeton, Sullivan, Clinton, and Washington, and it is hoped that next year the number and variety of concerts will be enlarged.

American Guild of Organists

The American Guild of Organists was established on the DePauw campus in November, 1925, as a branch of the Indiana chapter at Indianapolis. The purpose of the Guild is to raise the standard of efficiency of organists by examination in organ playing, in the theory and in the general knowledge of music; and to grant certificates of Fellowship and Associateship to members who pass such examinations.

The membership of the organization consists of Founders, Academic Members, and Non-academic Members. Two degrees may be obtained by the members by passing the required tests: that of Associate and that of Fellow. Non-academic members are Colleagues in the organization.

Other members are: Professor Van Denman Thompson, William Blanchard, Rea Baeur, Ann Burkett, Nancy Elliot, Mildred Dimmick, Charlotte Love, Paul Mains, Violet Martindale, Marion Monroe, Francis Jones, Esther Reynolds, Helen Duffield, Carolyn Campbell, Dorothy Hack, Mary Bills, Theresa Kaney, Miriam White.

RELIGIOUS

Y. M. C. A.

As an interdenominational religious organization, the Y. M. C. A. has for its goal the lifting of the moral standard of living, not only upon the campus, but wherever its members may go. It is through local activities of each association that the movement is enabled to spread throught the world in its activities. With this in mind, not only devotional meetings are held every week, but the members take part in gospel teamwork in other towns, sponsor a school spirit, assist freshmen to become established and operate an employment bureau. Speakers of note are brought before the Student body whenever possible. Among those who were secured this year were Dr. Walter Bundy, who gave a series of talks on the "Religious Values in the Life of Jesus", Mr. Conrad Hoffman, who spoke upon "Student Friendship", and Dean Coulter, who spoke upon "The Text Book and Power".

The officers are:

First Semester: Paul Reid, president; Robert Crouch, vice-president; Harlan Beem, secretary; Charles Knaub, treasurer.

Second Semester: Gordon Ritter, president; Charles Knaub, vice-president; Robert Kimberlin, secretary; Horace Wright, treasurer.

Y.W.C. A.

THE Y. W. C. A. is at all times striving for the betterment of women through its program of the spiritual, physical, and mental. In its elevational meetings, in its parties, in its social service work, and in its many other activities it manifests a spirit which cannot help but be effective in attaining its ultimate goal.

Among the many things done this year was the giving of a recreation concert at the gymnasium during final exam week sponsored jointly with the Y.M.C.A. A Vocational Guidance Club is being organized with the aid of the Y. M. C. A. and W. S. G. A. Jointly the Y. M. and Y. W. participate in lectures given during the year.

The officers are:

The Old Cabinet: Dorothy Smith, president; Claire Ferris, vice-president; Marcella Lineback, secretary; Veneta Kunter, treasurer. Other members were Helen Louise Cox, Elizabeth Wentworth, Lois McGalliard, Dorothy Dunn, Ruth Thornton, Florence Fox, Georgia Carr, and Celia Staley.

The New Cabinet: Frances Eckhart, president; Lois McGalliard, vice-president; Helen Louise Cox, secretary; Laura White, treasurer. Other members are Mary Louise Travis, Florence Fox, Helen Ranton, Nancy Elliott, Harriett Taylor, Alice Maunder, and Sarah Elizabeth King.

The Oxford Club

The Oxford Club is a national, interdenominational fraternity of the clergymen in the undergraduate universities and colleges. The DePauw chapter was one of the charter members of the club, which was organized in Evanston, Ill., when representatives of eight different schools met at Northwestern University in 1921.

The purpose of the Oxford Club is to promote the challenge of the Christian Ministry by giving mutual aid, encouragement, and inspiration to those who have either definitely pledged themselves to the ministry as a life work or contemplate doing so, and also by actively recruiting for the ministry among students who are of intellectual and spiritual promise.

The local chapter has forty-four members who meet fortnightly to consider problems peculiar to the minister and his field. Prominent clergymen are called upon to address the club at various times. This year the club gave its third annual dinner.

Officers are: R. M. Hays, president; Hugh F. McGlasson, vice-president; Gordon Chapman, secretary; Oliver K. Black, treasurer.

Members are: Van W. Hinckley, Paul Vietske, A. L. Beatty, Homer Cloud, Miriam Dickerson, L. L. FORUM and STAGE

Varsity Debate

Much of the success of the varsity debate squad during the past year has been due to the capable efforts of Mr. N. J. Weiss, who has filled the position of debate coach. Mr. Weiss is a coach of national reputation and has greatly aided the debate work of DePauw by the introduction of the extemporaneous style of delivery and by extending the debate work to make it possible for more students to receive its benefits. DePauw University has been indeed fortunate in securing his services.

Twelve regular debates were scheduled during the year, in addition to practice and exhibition contests. Every member of the debate seminarium was given an opportunity to speak at least once. Three different questions were discussed, and the variety introduced by this plan promoted interest in debating on the campus as well as among those taking an active part in the work.

The season opened with a debate at Taylor University, on the question of federal grant-in-aid, followed by a triangular meet with Miami and Butler Colleges on February 18. The discussion in these latter debates concerned the cancellation of war debts. On March 4 DePauw met Notre Dame in a dual contest and added two more victories to its record. One of the distinctive features of the season was a series of debates with schools in Michigan. On this trip the DePauw debaters met Albion College, at Albion, Michigan, and Western State Normal and Kalamazoo College, at Kalamazoo, Michigan. Return debates with these institutions have been arranged for the latter part of the season and the usual triangular debate with Franklin and Wabash Colleges has also been scheduled.

The seminarium this year was composed of the following members: Franklin Cole, William Halstead, John Hanger, Paul Hargitt, Donald Hawkins, Clyde Hoffman, L. Bernard Kilgore, Charles Kendall, Charles Knaub, John B. Newlin, James H. Obear, Alvin Rockwell, Dudley Scholten, and Robert Small. All of these men participated in at least one intercollegiate contest.

Freshman Debate Club

OWING to the plentitude of material this year Mr. Nicholas J. Weiss, who has charge of the debate teams, organized a Freshman Debate Squad, a new addition to the forensic forces of the campus.

Although a new addition to the debating strength of the school the Freshman Squad proved itself capable of defending the Honor of DePauw in the one contest in which it entered. In this debate the Freshman team met Purdue in a dual meet in which the first year men were successful.

In the past it has been the custom to allow the Freshmen to participate in the regular Varsity meets, but the present plan is to be preferred as it gives opportunity for more of the first year men to participate and they are forced to debate against material from other schools for which they have not had time for due preparation.

Undoubtedly this system will aid in developing better material. The debates won or lost by such a squad are immaterial so long as they are laying a foundation and learning the fundamental principles which will be of great value to them in their next three years of debate.

Personnel:

Negative—Howard Peterson, Robert Rosenkrans, Edward Stasmar.
Affirmative—Leon Schmidt, Russell Stretch, David Lewis.
Alternate—Herman King.

Mask and Gavel

On November 10, 1925, the majors of the Public Speaking Department of DePauw University met with the Professors of the Department for the purpose of organizing a Public Speaking Club. This Club was to be in no way connected with Duzer Du, the local dramatic organization. The purpose of the club is to create interest among the people of the Department and to give to the members the opportunity for public appearances as well as helpful instruction in the dramatic field.

At the meeting of October 14, 1926, the name Mask and Gavel was suggested and accepted to take the place of the name Public Speaking Club.

The present officers of Mask and Gavel are:

Delos O'Brian, president; Edna Hillis, vice-president; Beulah Collins, secretary; Harry Gough, treasurer.

Members are: Professor Gough, Professor Williams, Miss Morris, Mr. Weiss, Dorothy Axtell, Verne Bitzer, Oliver Black, Fay Bond, Hazel Britsan, Harvell Brooks, Margaret Bryan, Elsia Burgess, Jeanette Cavender, Beulah Collins, Dorothy Dahl, Addison Dowling, Alfred Eddingfield, Kathleen Evens, Laura Gingrich, Darrell Gooch, Katherine Gossett, Harry Gough, Helen Grant, Corinne Heardt, Edna Hillis, Mary Elizabeth Hauck, Margaret Drake, Iris Kaufman, Sarah Elizabeth King, Elizabeth Land, Opal Leavitt, Rosalie McCullough, Margaret Emily McGaughey, Mary Morrison, Delos O'Brian, Charles Palmer, Carolyn Pierce, Helen Rice, Dorothy Strong, Zelma Robards, Ruth Schurmeier, Evelyn Seedorf, Douglas Tyson, Pearl Wright, Martha Castle, Stanton Bailey, William Hargrave, Helen Hile, Hugh McGlasson, Leon Schmidt, Wayne Ritter, Junior Trump, Virginia Hayward.

FESTIVITIES

Drama

The "Boomerang" was presented by Duzer Du on October 29 and 30. The leading roles were taken by Dorothy Smith and Morrison Vivian. Later in the year, the pledges of Duzer Du presented three Christmas one-act plays, "The Bird's Christmas Carol", "The Vanishing Princess", and "Why The Chimes Rang". On Old Gold Day night a Showdown was given in which several organizations took part. First place was given to Alpha Chi Omega and to Phi Kappa Psi.

May Day

One of the oldest traditions of the DePauw campus is the celebration of May Day. In the afternoon in the Dell the May Queen, Alice McCartney, was crowned. Following this the pageant, Kil Ni Griena which was written by Dean Kline, was presented. In the evening many of the coeds took part in the Lantern Parade.

Old Gold Day

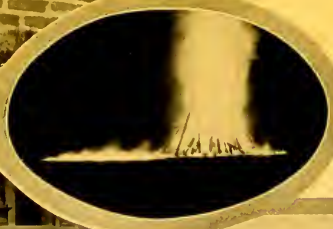
At the chapel exercises, held in the gymnasium, a talk was given by District Attorney of Indianapolis. This year several events were eliminated from the scrap, thus placing it more upon a competitive basis.

Old Gold Day

In the morning, following the chapel exercises where class garb first appeared, everyone marched out to McKean Field. Here the Freshmen and Sophomores had their annual scrap, in which the Sophomores were victorious, and the Seniors defeated the Juniors in a football game.

Wabash Game

The Pep Session the night before the game was a success from the speeches in the gymnasium to the bonfire at McKean Field. The enthusiasm lasted until the next day and students and Dads, cold as it was, watched the Tigers and Cavemen fight until the last whistle.



Dad's Day

On Dad's Day the corner-stone for the Henry Boyer Longden Hall was laid. At the exercises Roy O. West, Professor Longden, John Puckett, President of the Student Body, and Paul Reid, the representative of the Men's Hall, gave talks.

Campus

The coeds above seem very efficient in giving first-aid. Perhaps Professor Greenleaf would appreciate a little assistance also. We are afraid that the Ford is beyond even hope.

Campus

The Freshmen line up for registration. In a short time they have become part of the college. Their numerals appear on the standpipe, they follow the truck on serenades, and they are part of the crowd in front of the U Shop which is watching the Scabbard and Blade pledges perfom.

Appreciation

One thing yet remains to be done before our last copy is through and the last proof sheet is marked okeh. Something more than a mere appreciation is due to those people who have helped us piece this book together and make it into a Mirage. We hope that in the future we may repay them with something of more material value.

Perhaps we should start at the very beginning and thank those people who voted for us a year ago, but politics has changed and they might not vote for us again. And then at times when bills were numerous and cash was scarce and copy was due and the pictures wouldn't stick on the mounting board we wondered if an appreciation was really due them. But just the same we thank them for their votes.

Perhaps first of all we should thank Hillary Bailey and his mother and father for their cooperation, valuable aid, and suggestions. And also for patiently listening to our many tales of woe which were frequent occurences in their studio.

We trust that the friendships we have made with Bob Stafford and Livengood of the Stafford Engraving Company will continue in spite of the fact that our work with them is completed. They have never failed us upon a single request although it might cause them many extra hours of work. And we must not forget Walt Isnogle who made the drawings appearing in the opening section and on the division pages. Regardless of what others may think of them they appeal to us. Not all of his time was spent in drawing, but a great deal in research work in order that they might be historically correct.

Paul Neff and Fitch and Gettinger of The Herald Publishing Company deserve much credit for the book. Their's is the final touch. The result of their work is not complete, we can only judge by their past services. They have printed many Mirages and one of the best compliments to them is that the book has never been late.

To the staff who worked beside us until the last page was ready for the printer is due many thanks for the finished product.

But those of the staff, if they may be considered such, who have done the most in the planning of the book and the many hours of routine work connected with it are the Sophomore assistants. By the time this book appears they will be started upon next year's book. We are indeed grateful for the services they have rendered us and we trust that what they have learned this year will aid them to publish the best Mirage in the history of DePauw.

Now That You Have Read The Mirage of 1927

The Administration of DePauw University invites you, who are looking toward college, to move from the vivid imagination of what college is like to the vital experiences of college life as they really are. We urge the college students, graduates and former students to transform these passing memories into a permanent loyalty and service for the college.

To the High School Students who secure their first impressions of DePauw University from these pages, we extend a cordial welcome to all these useful activities. May these scenes soon become your personal experiences. May your name and likeness soon appear on these pages.

To the graduates and former students for whom this Mirage recalls the fondest recollection of college days, we extend a cordial welcome to the family of loyal and devoted Alumni. May this *Investment in Memories* pay rich dividends in the years to come. May this Mirage lift again these *"everlasting realties of the mind which seem unreal only because they lie beyond the horizon of the everyday world, and hang them in an ideal atmosphere"* among the happiest experiences of life.

LONE STAR

CEMENT

A Nation-wide Symbol of su per-quality cement and depend- able building material and service

How a simple idea built a business that spans two continents

TWENTY-FIVE years ago a group of men conceived the idea from which, in 1919, grew the International Cement Corporation. They determined to produce a super-quality cement and to maintain that super-quality day in and day out. As a result Lone Star Cement today enjoys a nation-wide reputation for quality and uniformity.

This has been accomplished by maintaining the finest laboratory facilities, by developing and employing improved equipment, and by training men in every detail of manufacturing technique.

Dependable quality, a code of fair business dealing, and a human, neighborly understanding of the problems of the dealer and user, have built a business that now spans two continents.

A Little Essay on Growing Old

WHEN a bank or any other business establishment which has fought its way up through the years to assured success, prints on its letterhead "Since 1863", or "Sixty-four Years of Service To This Community", it paints a mental picture that varies with each reader.

One prospective customer—having no intimate knowledge of this bank's up-to-date methods, might, based on general experience with old, unprogressive concerns, reason thus: "Since 1863—Well, I suppose they are a little old-fashioned."

Still another group of possible customers, skeptical of anything that savors of old age, might paint a still cruder picture: "Since 1863—Sixty-four Years; probably they are a lot of old fogies who have been standing still."

But—the customers and friends of the "Old First National" have a different picture in mind—a picture that has been ground into their memories, or handed down by their predecessors. We believe it reads like this:

The First National Bank

Greencastle, Indiana

"64 Years of Service to the Community—
but still a progressive up-to-date organi-
ation—good to do business with."

All of us have a habit of hanging mental signs on people and institutions. Those signs tell what the other fellow thinks of us. In painting a mental picture of this bank, may we ask you to paint it as a bank "64 years young,"—a bank that, through the quality of its day-to-day service, will *continue* to anticipate the progressive demands of the coming generation of young business men, farmers and home makers—
